Insurance

We suggest you review your family's personal health insurance plan to ensure it provides you with sufficient coverage. If your physician should discover some factors that could limit you physically, please consider them when registering for programs.

Matching Grant Program

Bismarck Parks and Recreation District's Matching Grant program provides matching funds for facility, grounds and equipment projects. In its 36th year, the program has provided matching funds for 552 projects with total project costs of more than \$5.7 million. Applications will be accepted from Bismarck associations, organizations, clubs or individuals interested in matching funds to sponsor a project in a Bismarck Parks and Recreation District facility or park. Matching funds are awarded twice per year. Applications are available at our office. Call 222-6455 for more information. DEADLINES: Annually, Feb. 1 and June 1 at 5pm.

Photography/Video

Bismarck Parks and Recreation District takes photographs/video footage of people enjoying our programs, events, parks and facilities. Preschool Aquatics (3-5 Yrs Old)

Throughout the three levels, preschool-age children are taught basic aquatic safety and swimming skills, all the while increasing their comfort level in and around the water. Skills are age-appropriate, helping children achieve success on a regular basis and enjoy social interaction with other children. As in all swimming and water safety courses, your child will always know that it's safety first.

Preschool A- Orients children to the aquatic environment and helps them gain basic aquatic skills.

- Enter and exit water using ramp, steps, or side. Blow bubbles through mouth and nose. Submerge mouth, nose and eyes. Open eyes underwater and retrieve submerged objects. Front glide and recover to a vertical position. Back glide and recover to a vertical position. Back float. Roll from front to back and back to front. Tread with arm and hand actions. Alternating and simultaneous arm and leg actions on front and back. Combined arm and leg actions on front and back. Age appropriate water safety topics.

Preschool B- Helps children gain greater independence in their skills and develop more comfort in and around the water.

- Enter water by stepping in from a deck or low height. Exit water using ladder, steps, or side. Bobbing. Open eyes underwater and retrieve submerged objects. Front float. Back glide and float and recover to a vertical position. Roll from front to back and back to front. Tread water using arm and leg actions. Combined arm and leg actions on front and back. Finning arm action on back. Age appropriate water safety topics.

Preschool C- Helps children start to gain basic swimming propulsive skills to be comfortable in and around the water.

- Enter water by jumping in. Fully submerge and hold breath. Bobbing. Rotary breathing. Front, jellyfish and tuck floats. Front and back float or glide and recover to a vertical position. Change direction of travel while swimming on front or back. Tread water using arm and leg actions. Combined arm and leg actions on front and back. Finning arm action on back. Age appropriate water safety topics.

Learn-to-Swim (6 Yrs-Teen)

Designed to help participants achieve maximum success, Learn-to-Swim courses are based on a logical, six-level progression that helps swimmers of varying ages and abilities develop their water safety, survival and swim skills.

Level 1- Introduction to water skills: Helps Participants feel comfortable in the water.

- Enter and exit the water using ramp, steps, or side. Blow bubbles through mouth and nose. Bobbing. Open eyes underwater and retrieve submerged objects. Front and back glides and recover to a vertical position. Back float. Roll from front to back and back to front. Tread water using arm and hand actions. Alternating and simultaneous arm and leg actions on front and back. Combined arm and leg actions on front and back. Age appropriate water safety topics.

Level 2- Fundamental Aquatic Skills: Gives participants success with fundamental skills.

- Enter water by stepping or jumping from the side. Exit water using ladder, steps, or side. Fully submerge and hold breath. Bobbing. Open eyes underwater and retrieve submerged objects. Rotary breathing. Front, jellyfish and tuck floats. Back and front glide and recover to a vertical position. Roll from front to back and back to front. Tread water using arm and leg actions. Change direction of travel while swimming on front or back. Combined arm and leg

actions on front and back. Finning arm action. Age appropriate water safety topics.

Level 3- Stroke Development: Builds on the skills in level 2 through additional guided practice in deeper water.

- Enter water by jumping from the side, fully submerge then recover to the surface and return to the side. Headfirst entries from the side in sitting and kneeling positions. Bobbing while moving toward safety. Rotary breathing. Back float. Survival float. Change from vertical to horizontal position on front and back. Tread water. Flutter and dolphin kicks on front. Scissors and breaststroke kicks. Front crawl and elementary backstroke. Age appropriate water safety topics.

Level 4- Stroke Improvement: Develops confidence in the skills learned and improves other aquatic skills.

- Headfirst entries from the side in compact and stride positions. Swim underwater. Feet first surface dive. Survival swimming. Open turns on front and back. Tread water using two different kicks. Front and back crawl, elementary back stroke, breaststroke, sidestroke and butterfly. Flutter and dolphin kicks on back. Age appropriate water safety topics.

Level 5- Stroke Refinement: Provides further coordination and refinement of strokes.

- Shallow-angle dive from the side then glide and begin a front stroke. Tuck and pike surface dives, submerge completely. Front flip turn and backstroke flip turn while swimming. Front and back crawl, elementary backstroke, breaststroke, sidestroke and butterfly. Sculling. Age appropriate water safety topics.

Helpful Tips and Reminders

- Come take a peek. It's very helpful if you and-especially your preschooler who has never attended lessons before-child come to the pool before lessons start. Take a look at the water and get them familiar with the setting. This mini introduction helps ease some nerves on the first day of lessons.
- Expect some repetition! Based on our experience, some students need additional time to work on skills. We don't rush students to the next level until they are ready. That would be unsafe, would shortcut their learning and could frustrate them. Sometimes younger students will repeat a level multiple times simply because their bodies are growing in spurts and it takes some time for their strength and coordination to sync up. Trust the process.

Volunteers are needed year round in Bismarck/Mandan and throughout North Dakota to coach, officiate, serve on the area management team, participate as a unified sports partner or work at tournaments.

Unified Sports is a program within Special Olympics that combines equal numbers of athletes with and without intellectual disabilities on sports teams for training and competition. Unified sports expands opportunities for athletes seeking a new challenge and dramatically increases inclusion in the community by helping break down the barriers that have kept people with and without intellectual disabilities apart. Special Olympics North Dakota is seeking school based Unified Volleyball teams to compete at the State Winter Games.

For further information, to volunteer, or to participate, contact Special Olympics North Dakota at 1-800-279-4201 or sond@midconetwork.com.

Grievance Policy under Title II of the Americans with Disabilities Act

This Grievance Policy is established to meet the requirements of the Americans with Disabilities Act of 1990 ("ADA"). It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the Bismarck Parks and Recreation District. The Bismarck Parks and Recreation District Human Resource Policy and Procedure Handbook governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint will be made available for persons with disabilities, upon request.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 60 calendar days after the alleged violation to:

RaNae Jochim, Bismarck Parks and Recreation District
400 E. Front Ave., Bismarck, North Dakota 58504
Within 15 calendar days after receipt of the complaint, the ADA Coordinator or his/her designee will respond to the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the discussion, the ADA Coordinator or his/her designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the Bismarck Parks and Recreation District and offer options for substantive resolution of the complaint.

An investigation, as may be appropriate, shall follow a filing of grievance. The investigation will be conducted by the ADA Coordinator or his/her representative(s).

If the response by the ADA Coordinator or his/her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the Bismarck Parks and Recreation District Executive Director or his/her designee. Within 15 calendar days after receipt of the appeal, the Executive Director or his/her designee will meet with the complainant to discuss the complaint and possible resolutions. A Compliance Review committee consisting of the Bismarck Parks and Recreation District's Executive Director, Park Board President and Legal Counsel shall issue its decision within 15 (fifteen) days after the filing of the request for reconsideration.

All written complaints received by the ADA Coordinator or his/her designee, appeals to the Executive Director or his/her designee, and responses from these two offices will be retained by the Park District for at least three years. The right of a person to a prompt an equitable resolution of the grievance filed shall not be impaired by the person's pursuit of other remedies such as the filing of an ADA grievance with the Department of Justice. Use of this grievance policy is not a prerequisite to the pursuit of other remedies.

These rules shall be construed to protect the substantive rights of interested persons to meet appropriate due process standards and to assure that Bismarck Parks and Recreation District complies with the ADA and implementing regulations.

Approved by the Board of Park Commissioners on February 18, 2016.
